

Increase Project Efficiency and Reduce Costs

INNOVATIVE, YET DISCIPLINED ENGINEERING

Alan C. McClure Associates, Inc.

Serving Our International Clientele For 28 Years

As one of the industry's premier naval architect/engineering firms, Alan C. McClure Associates provides advanced design and engineering services in offshore exploration, production and marine transportation.

- **State-Of-The-Art Technology:** The latest industry software for FEA (ANSYS), hydrodynamics (AQWA, WAMIT), hydrostatics (GHS), 3D CAD (ShipConstructor) and various proprietary programs
- **Project Management:** New vessel construction, vessel modification and repair projects, vessel dry-dockings and class/regulatory representation
- **Legal/Arbitration:** Expert witness testimony, arbitration and dispute resolution management
- **Surveys:** Vessel condition surveys, suitability study surveys, cargo loading/securing surveys, and on-hire/off-hire surveys
- **Contracts:** Develop and review specifications, marine contracts and shipyard negotiations
